15 CFR Ch. VII (1–1–05 Edition)

the annual declaration requirements of § 712.3(a)(2) and (a)(3).

§ 712.5 Advance notification and annual report of all exports¹ and imports of Schedule 1 chemicals to, or from, other States Parties.

Pursuant to the Convention, the United States is required to notify the OPCW not less than 30 days in advance of every export or import of a Schedule 1 chemical, in any quantity, to or from another State Party. In addition, the United States is required to provide a report of all exports and imports of Schedule 1 chemicals to or from other States Parties during each calendar year. If you plan to export or import any quantity of a Schedule 1 chemical from or to your declared facility, undeclared facility or trading company, you must notify BIS in advance of the export or import and complete an annual report of exports and imports that actually occurred during the previous calendar year. The United States will transmit to the OPCW the advance notifications and a detailed annual declaration of each actual export or import of a Schedule 1 chemical from/to the United States. Note that the notification and annual report requirements of this section do not relieve you of any requirement to obtain a license from the Department of Commerce for the export of Schedule 1 chemicals subject to the Export Administration Regulations (15 CFR parts 730 through 799) or from the Department of State for the export of Schedule 1 chemicals subject to the International Traffic in Arms Regulations (22 CFR parts 120 through 130). Only facilities that produce in excess of 100 grams aggregate of Schedule 1 chemicals annually are “declared” facilities and are subject to routine inspections pursuant to part 716 of this subchapter.

(a) *Advance notification of exports and imports.* (i) You must notify BIS at least 45 calendar days prior to exporting or importing any quantity of a Schedule 1 chemical listed in Supplement No. 1 to this part to or from an-

other State Party. Note that notifications for exports may be sent to BIS prior to or after submission of a license application to BIS for Schedule 1 chemicals subject to the EAR and controlled under ECCNs 1C350 or 1C351 or to the Department of State for Schedule 1 chemicals controlled under the ITAR. Such notices must be submitted separately from license applications.

(i) Notifications should be on company letterhead or must clearly identify the reporting entity by name of company, complete address, name of contact person and telephone and fax numbers, along with the following information:

- (A) Chemical name;
- (B) Structural formula of the chemical;
- (C) Chemical Abstract Service (CAS) Registry Number;
- (D) Quantity involved in grams;
- (E) Planned date of export or import;
- (F) Purpose (end-use) of export or import (i.e., research, medical, pharmaceutical, or protective purpose);
- (G) Name(s) of exporter and importer;
- (H) Complete street address(es) of exporter and importer;
- (I) U.S. export license or control number, if known; and
- (J) Company identification number, once assigned by BIS.

(ii) Send the notification by fax to (703) 235-1481 or to the following address for mail and courier deliveries:

Information Technology Team, Bureau of Industry and Security, Department of Commerce, 1555 Wilson Boulevard, Suite 710, Arlington, VA 22209-2405, Attn: “Advance Notification of Schedule 1 Chemical [Export] [Import].”

(iii) Upon receipt of the notification, BIS will inform the exporter of the earliest date the shipment may occur under the notification procedure. To export the Schedule 1 chemical subject to an export license requirement either under the EAR or the ITAR, the exporter must have applied for and been granted a license (see §§ 742.2 and 742.18 of the EAR, or the ITAR at 22 CFR parts 120 through 130).
